A Rewarding Life	2007	7		Yes	

Book of Revelation DVD (See important note below)

Yes

Dr. Waddell's multi-year series on the Book of Revelation is available on a DVD only.
The Revelation DVD covers the entire book.

Although the disc is a DVD disc, it is NOT formatted to "play" in a DVD player like a rental movie.
The DVD can be thought of as a high-capacity read-only diskette or flash drive.

It contains MP3 sermon files organized in three folders (2010, 2011 and 2012) that are readable
by the DVD drive in a laptop or desktop computer.

After transferring the sermons to your computer, they can be played easily on your computer and
through your stereo or mobile device.
